There were [redacted] present at the meeting which opened with JIM BRITT passing out copies of the new secret code to be used by the entire organization. He also handed out booklets on demolition as taken from a US Army Handbook. BRITT said that he is in the process of negotiating for .45 calibre automatic pistols-Colt 1911. The same person is going to supply the "Minutemen" with a Browning automatic rifle and possibly a Thompson .45 calibre submachine gun and also hand grenades. An Upstate NY unit is going to supply the Long Island band with a primacord and possibly dynamite and TNT.

After these announcements, excerpts from a US Army booklet on the M-1 and M-2 carbine were distributed. A class was then held in conversion of an M-1 carbine to an M-2 carbine which can be made fully automatic. An M-1 was actually taken apart. A conversion kit was added and the rifle was put together as an M-2. This was done several times so that all could see the process. It was then announced that ~~maneuvers~~ would be held on Sunday, 10/30/66, in the Ellenville, NY area with another group from Upstate NY present. The Long Island band will meet at Goldy's Diner, Conduit Boulevard and 130th Street, Queens, NY, at 5:30 a.m.

The next thing on the agenda was a review of combat formations and signals.

Dues of \$5.00 per man were then collected.

After the dues were paid, a "shark knife" was then sold to a member for \$9.00.

Several jars were displayed which contained test tubes filled with various chemicals. It was explained they were timing devices for bombs.

NY 62-12699

BRITT then gave instructions in making hiding places for equipment and literature. He said to use these facilities within the next two weeks. He stated to say any more would be a breach of security but something big will happen. (Original filed)

Subject: Action on Ultra-Right Terrorism

By now you are undoubtedly aware of the arrests of Minutemen in New York and of the revelations in connection with these arrests. There is now the opportunity to give organized ultra-Right political terror a sharp rebuff throughout the country. In another communication you have received the statement of Comrade Winston on the Minutemen.

We should help create a public demand for the apprehending and prosecution of terror groups in each locality. Their arrest in New York proves that the various bombings and other violence experienced in nearly every area are not the work of individual crackpots but are part of a national ultra-Right plan by the Minutemen and other organizations.

Beginning with the November 1 Worker, with a full story, the paper contains many pertinent facts. These include:

1. The 20 Minutemen were seized just before they planned an arson attack on Camp Midvale in New Jersey, Camp Webatuck in New York, and a farm used by the New England Committee for Non-Violent Action in Connecticut.
2. The weapons haul was immense, including bazookas, mortars, machine guns, all kinds of bombs, torture instruments and over a million rounds of ammunition.
3. The World Journal Tribune (WJT), Oct. 31, headlined, "Report UN on Bomb List," and Queens District Attorney Hentel said they planned to "attack 'Communist, Left-wing and liberal' installations." (Same paper.)
4. The racist Minutemen distributed leaflets in a white neighborhood purporting to have been written by Negroes saying, "Kill the white devils ... save the white women for ourselves." "Minutemen involved had conferred on Long Island with a Ku Klux Klan leader from Georgia." (WJT, 11/1/66, p. 12.)
5. One of those arrested was a city fireman, some are John Birch Society and Conservative Party members and one group met in Young Americans for Freedom headquarters, reputedly without the organization's approval.
6. "The Police Department also found that 'a couple' of policemen may be linked with the Minutemen." (NY Times, 11/1/66, p. 51.)

The Anti-Defamation League of B'nai Brith reported a national Minuteman directive arrived in New York October 31 directing Minutemen "to learn 'by means of recruiting, infiltration and surveillance all possible data about Federal, State and local law enforcement in your area.'" (WJT, 11/1/66, p. 12.)

One of those arrested is a reserve sergeant in the Green Berets. Also, "efforts to have Minutemen units train with a detachment of Company A, 11th Special Forces (Green Berets) unit in Edison, N.J." was reported in WJT, 11/1/66, p. 12.

7. They have been observed by the police carefully surveying the area around The Worker and Party building and had possession of bombs similar to the type used on the building in previous bombings.

To create pressure on mayors, politicians and law enforcement officials in your area, involvement of peace, civil rights and civil liberties forces should be sought on the basis that they are also targets, as well as the general civil liberties issues. The question should be put to local authorities whether there is a connection between local incidents and the Minutemen arrested in New York.

Pressure should also be directed at Congress for an investigation of the Minutemen, their connection with the FBI and state and local police, the John Birch Society, Conservative parties and acts of violence. Congressman Celler has indicated his House Judiciary Committee is considering such an investigation.

Passage of strong fire arms control laws should also be urged.

It will be helpful to us if you can supply us with a list from your area of acts of terrorism including who was attacked, how, the date and whether anyone was prosecuted. This list should include incidents with respect to Party offices and other left-wing organizations, peace and civil rights groups, burnings of Du Bois clubhouses, bookstore attacks, car burnings, etc.

DATE: 11/18/66

On 10/30/66, 20 Minutemen were arrested who came from various areas in New York including an individual from Syracuse, NY, several in Long Island and one in White Plains. In addition, a confidential informant of the NYO has reported Minutemen maneuvers in the wooded areas in the vicinity of Ellenville, NY.

As a result, New York City Police have furnished information indicating that there may be several Minutemen units in the vicinity of NYC. These units operate in small bands of about 12 members who are completely divorced from other bands of Minutemen for reasons of security.

The "Minutemen" was organized in June, 1960.. Its present headquarters are Norborne, Missouri and ROBERT B. DE PUGH, Norborne, Missouri, is the national coordinator. Statements by DE PUGH and literature distributed by the organization in the past indicated its purpose to be the resistance to, and exposure of, the spread of Communist influence within the United States; for the formation of a guerrilla or underground organization to combat the troops of any foreign powers which might eventually occupy this country; and resist passage of laws which would regulate private ownership of firearms.

The Bureau is interested in determining the location of all units of the Minutemen, the officers and members thereof and their headquarters.

INFORMATION CONCERNING
(INTERNAL SECURITY)

The Minutemen organization, which is headquartered in Norborne, Missouri, led by Robert DePugh, was founded as a paramilitary, underground organization established to resist and expose communism and to destroy any foreign troops which might occupy the United States.

Recently alleged members of the Minutemen organization were arrested in New York City with arms and ammunition in their possession. They were charged with illegal possession of firearms and plotting to burn three "leftist" camps. Subsequent to their arrest incendiary devices were found planted near one of the "leftist" camps.

Robert DePugh, leader of the Minutemen organization, was convicted on November 14, 1966, in Kansas City, Missouri, for conspiracy to violate the National Firearms Act. DePugh has made numerous unfounded allegations against the Bureau in connection with his arrest by the Alcohol and Tobacco Tax Division agents for violating the National Firearms Act.

In spite of recent arrests of the Minutemen and the widespread unfavorable publicity they received, we have learned the Minutemen have no intention to disband their organization but will continue their operations under tighter security measures.

In order to fulfill our investigative responsibilities toward the security of our country, it is imperative we remain aware of the membership, activities, and especially the

planned acts of violence of this organization. To adequately cover the activities of the Minutemen, it is important that we intensify efforts to place live informants and sources within the organization. Most of the coverage of the Minutemen is executed by security-type informants. However, as the Minutemen organization is composed of numerous individuals who are racists and/or belong to hate-type organizations, it is felt that racial informants should be used for our coverage of the Minutemen in addition to security-type informants.

The Minutemen claim membership throughout the United States. Because of the recent widespread publicity the Minutemen organization received, it is felt that intensified Minutemen recruiting activities will be instituted throughout the United States. Also, because of the secret and underground nature of the organization, there may be other groups of Minutemen throughout the country that have not been identified by the Bureau.

Robert B. DePugh has started an organization named the "Patriotic Party," which he refers to as the political arm of the Minutemen. Numerous offices have reported that the Patriotic Party has held meetings in their territory. It is believed that Minutemen activity is present in these areas where the Patriotic Party is being organized.

Each office is instructed to open a case, unless already opened, captioned as above with Kansas City as office of origin. You should ascertain if the Minutemen organization is active within your territory and, if so, identify leaders, along with active members, and develop background information concerning them. Ascertain whether or not a branch of the Patriotic Party is active in your territory. If the Patriotic Party is flourishing, no active investigation should be conducted concerning the Patriotic Party; however, all information regarding it should be submitted to the Bureau under the Minutemen caption.

Each office should survey the informant and source coverage it has in the Minutemen and immediately intensify efforts to place informants and sources within this organization.

All offices are instructed to submit by December 30, 1966, a communication suitable for dissemination setting forth the results of the above-requested investigation. If a division

Airtel to SAC, Albany

has no Minutemen activity within its territory, a letter should be submitted by the deadline so advising the Bureau. This letter should be submitted every six months so long as no activity exists. A copy of all communications should be designated for Kansas City as origin. Offices having the Minutemen organization in their territory should submit semiannual summary reports to reach the Bureau by May 1 and November 1. These reports should contain a summary of the Minutemen activities, officers, estimated membership, finances, and publications. If a branch of the Patriotic Party is flourishing within your division, mention should be made of the identity of the Minutemen who belong to the Patriotic Party.

Kansas City as origin is instructed to submit semiannual reports incorporating activity in that division including estimated membership and summarizing the activity of the Minutemen to reach the Bureau by February 1 and August 1. The Kansas City reports will be a summary of the overall activities of the Minutemen on a nationwide basis and will include the Minutemen branches and information concerning national headquarters, officers, and staff.

In view of the widespread dissemination of this material at the Bureau, offices submitting reports should forward original and eight copies to the Bureau.

Detective [] stated that it is expected that the Grand Jury will continue to hear witnesses on this case tomorrow and the next day, 11/22 and 23/66 and either Monday or Tuesday of the next week, 11/28 and 29/66. [] further stated that the 19 individuals arrested on 10/30/66 are due to appear in Queens County Court on 11/22/66 but since the case is still being presented to the Queens Grand Jury the defendants will probably be continued on bail and their hearings adjourned for 2 or 3 weeks.

However, no separate inventory of this literature was made by the NYCPD as had been done by the NYCPD in the case of the weapons seized. Some of this literature was set aside for presentment by the District Attorney to the Grand Jury in his prosecution of the case. However, [] was unable to state what particular items of literature were set aside by the DA. [] stated that the NYCPD is still working on that phase of the investigation to determine what printing firm handled the printing of the anti-Negro literature previously referred to.

With regard to the Patriotic Party, [] stated that to his knowledge this organization was formed as the political arm of the Minutemen. However, there is no headquarters, address or post office box for this political party.

Detective [] stated that all information which he furnishes should be cleared with him before any consideration is made by NYO to disseminate same. [] stated that his only purpose is requesting this is to allay the possibility of jeopardizing the presentment of this case to the Grand Jury of Queens County.

Minutemen
Norborne, Mo.
meeting of [redacted]

Oct. 23, 1966

[redacted]
Freeport, NY

b6
b7C

There were about [redacted] present. The meeting opened with JIM BRITT passing out copies of the new secret code to be used by the entire organization. He also handed out booklets on demolition as taken from a US Army handbook.

BRITT said that he is in the process of negotiating for .45 calibre automatic pistols (Colt 1911). The same person is going to supply the Minutemen with a Browning Automatic Rifle and possibly Thompson .45 calibre submachine guns, also hand grenades. An upstate NY unit is going to supply the LI band with primacord and possibly dynamite and TNT.

After these announcements, US Army booklet excerpts on the M-1 and M-2 carbine were distributed. A class was then held in conversion of an M-1 carbine to an M-2 carbine which can be made fully automatic. An M-1 was actually taken apart, a conversion kit added, and put together as an M-2. This was done several times so that all could see the process.

It was then announced that a maneuver would be held on Sunday, Oct. 30, 1966, in the Ellenville, NY, area with another group from upstate NY present. The LI band will meet at Goldie's Diner at Conduit Blvd. and 120th Street in Queens, at 5:30 a.m.

Next on the agenda was a review of combat formations and signals.

Dues of five dollars per man was then collected.

After dues were paid, a shark knife was then sold to a member for \$9.00.

NY 62-12699

Several jars were displayed in which were test tubes with various chemicals. These, it was explained, were timing devices for bombs.

BRITT then gave instruction in making hiding places for equipment and literature. He said to use these facilities within the next two weeks. He said to say any more would be a breach of security but something big will happen.

BRITT also said that some members of certain bands in the area have bombed CP fronts and actual CP places. He indicated that members did this on their own rather than part of the Minutemen program.

[] stated he believed that price would be satisfactory to the Minutemen and told [] that he would be contacted in the near future by the main individual from Los Angeles who would give the final okay for the deal. [] stated he was bringing this to the attention of the Atlanta Office of the FBI in view of his patriotism and his desire to aid the Atlanta Office in identifying Minutemen members and sources for their weapons. [] stated he was later contacted by an individual identifying himself as [] from California who said he would later be contacted by the main figure named [] who is a member of Minutemen from Los Angeles.

[] has associated in the past with individuals in the Los Angeles area who are known swindlers and con men and was involved in a con game having international implications. [] has been recently utilized as a PCI of the Los Angeles Office. He has been part of numerous schemes and con games and has furnished insufficient information to evaluate as to reliability. He is not known to be a member of Minutemen.

[] and [] according to [] said that if he transported the weapons to California in a B-17 plane that the plane would have to be destroyed following the delivery and the cost of the plane could be added to [] fee.

Recontacts with [] reflected that [] stated he almost daily recontacted [] to ascertain when he would be contacted to firm up the deal. [] kept saying that the main individual would be in Atlanta that day or the next day. Eventually [] was also observed by [] involved in these conversations. [] obtained information from [] to the effect that Minutemen in California had about \$800,000 with which they desired to purchase weapons and [] came to Atlanta and probably traveled other places in an effort to obtain such weapons. [] said that [] told him [] agreed to obtain weapons for them and if necessary, would arrange transportation of the weapons to California.

A few blocks distant the unknown man got out of the car which [redacted] was driving, was observed making a telephone call and was picked up by another man in a Volkswagen car on Thirteenth Street in Atlanta. A license check reflected that car was registered to [redacted] an investigator for ATTD in Atlanta.

On 11/22 and 11/23/66, [redacted] and the unknown man who [redacted] identified as [redacted] also an investigator for ATTD, Atlanta, advised that they had received word from their office in Los Angeles that someone in Atlanta was trying to sell weapons to Minutemen in California and that a [redacted] in Atlanta was acting as the [redacted]. Following instructions from the Los Angeles Office of ATTD, [redacted] called [redacted] at the Howard Johnson Motel on 11/22/66 under pretext of being a Minutemen member from Los Angeles. [redacted] went to the motel and met [redacted] and [redacted]. After some verbal sparring, [redacted] apparently convinced them that he was a Minutemen member from Los Angeles and had a large sum of money to purchase some weapons. Thereafter [redacted] took [redacted] to meet [redacted] and [redacted] told [redacted] that he has tons of weapons on an alien ship in New York. He stated they were the latest military weapons, consisting of AR-15's, machine guns, the latest grenades and rockets, Belgian and German guns, carbines and silencers. [redacted] told [redacted] the weapons were supposed to go to Cuba but he was unable to get them there and needs to get rid of them. No price was discussed; however, [redacted] had told [redacted] that there are samples of guns in Atlanta now.

On 11/23/66 [redacted] recontacted [redacted] and said he would need to see samples and [redacted] said that the guns are all in New York and he would see about getting some samples. [] stated that he has contacts who might obtain such weapons and that he was going to Philadelphia 11/28/66 and would contact a man in the mortgage and loan business whom he identified as []. [] stated that the Minutemen member who he said gave his name only as [] wanted to see samples of the weapons and had placed an order with him for modern military weapons.

[] said he is trying to contact the Minutemen buyer [] to have him come to Philadelphia to see the weapons.

The Philadelphia Office advised that office has current 87 and 163 cases on [] aka [] that he is a former CI of Philadelphia and known as a con man and loan shark. [] had allegedly swindled one [] and his father of \$20,000 in Washington, D. C., during August, 1966. He reportedly served time in Lewisburg Federal Penitentiary, FBI Number [] Philadelphia subsequently advised on 12/1/66 that [] is an associate of a [] family, all swindlers and all current or former CIs of Philadelphia. Philadelphia requested

AT 157-273

Bureau instructions as to contacting [] or [] and by teletype 12/2/66 Atlanta suggested they not be contacted yet.

On 12/2/66 [] telephonically contacted SA [] saying he had returned to Atlanta on the night of [] and has information which will benefit this investigation; however, [] will be unable to contact SA [] until after 5:00 p.m., 12/2/66.

[] advised he contacted [] 12/2/66 and [] told him that he has located numerous weapons for Minutemen; however, prior to even seeing any samples that his source, having possession of the weapons, would require a sizable deposit of money. Further, [] would have to go to Philadelphia to see the weapons. [] still posing as [] of Minutemen, refused and said they would not deposit any money until they had seen the weapons. The conversation was then discontinued but [] feels that he may hear from [] again if there is a possibility of obtaining money from Minutemen.

[] advised on the afternoon of 12/2/66 that someone from Dallas whom he believes to be [] has been attempting to telephonically contact [] and feels it is in regard to this matter. [] noted [] is not saying anything further concerning this matter to []

It appears now that this is a swindle and ATTD advises that if it becomes further apparent that there are no weapons they will pull out of the investigation.

In view of the above, it is of the utmost importance at this time to determine just how this matter originated, including how the figures of \$850,000 to \$1,000,000 were arrived at, why automatic weapons and how Minutemen were arrived at as the purchasers when most past investigation has indicated that Minutemen are not known to be financially well off. If the Minutemen were contacted or contact with

AT 157-273

them was attempted in an effort to sell them weapons, it would appear it is an outright swindle originating with [] or through a group such as [] and others. If some Minutemen members made known their desire to obtain weapons and indicated a sum of money is available for that purpose, it would indicate a matter of investigative and intelligence interest to the Bureau.

Therefore, Los Angeles is requested to contact Special Investigator [] ATTD at Los Angeles who has stated to Atlanta ATTD that he possesses all information in possession of that agency in this matter and will furnish it to the Bureau. Ascertain from [] exactly how and when the information came to their attention, if through an informant, how and when the informant became aware of it and as far as practicable, trace the negotiations to the inception of the idea. Los Angeles is requested to conduct the above investigation expeditiously so this matter can be brought to a logical conclusion.

Atlanta will conduct no further active investigation pending results of investigation at Los Angeles, UACB.

On October 31, 1966, a confidential source, who has furnished reliable information in the past, advised that he read that some pamphlets captioned, "Kill the White Devils" had been seized during the raids conducted, Sunday, October 30, 1966, in the State of New York in which members of the Minutemen organization were arrested.

The source advised that copies of a similarly captioned leaflet were distributed in the Watts area during the riots in Los Angeles, California, in August, 1965.

The source has received information that [redacted] the Freedom Center, South Morrison Street, Portland, Oregon, has duplicated this pamphlet and is printing and selling them to organizations for distribution. [redacted] also [redacted] a paper captioned "The Eagle".

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation. It is the property of the Federal Bureau of Investigation and is loaned to your agency; it and its contents are not to be distributed outside your agency.

KILL THE WHITE DEVILS!

This is a PHOTOGRAPHIC REPRODUCTION of a leaflet distributed in the Watts Area during the Los Angeles riots, August, 1965. The propaganda was designed to create uncontrolled hatred in the negro for the white man. Clever also is the manner in which it is purposed to implant a feeling of gross mistrust in the mind of the white man for the negro. This ingenious, planned propaganda is an excellent example of the cunning skill of those who desire to breed hatred between the races.

Only through the World Government can all Negroes find Peace.

Only through the World Court can all Negroes find Justice.

Only through World Communism can all Negroes find Equality.

Only through Bloodshed can all Negroes find Freedom.

START A RIVER OF BLOOD

KILL THE WHITE DEVILS!

② This African Negro is one of twenty thousand innocent civilians brutally murdered by the white devil soldiers. Now the white man's day is over.

We will kill the white men. We will have the white women for our pleasure. We will smash out the brains of the white babies against the nearest tree. The time to begin is soon - Watch for the sign.

"I dream of the hour when the last Congressman is strangled to death on the guts of the last preacher — and since the Christians seem to love to sing about the blood, why not give them a little of it? Slit the throats of their children and drag them over the mourners' bench and the pulpit and allow them to drown in their own blood; and then see whether they enjoy singing these hymns."

This statement was first given before the 8th National Convention of the Young Communist League in New York during May 1937. It was repeated early in 1961 at the funeral of Eugene Dennis, National Chairman of the Communist Party, U.S.A. Source: The Pilgrim Torch, P.O. AFFIDAVIT

I, [redacted] a former counsellor for the Federal Bureau of Investigation from 1947 to 1960, do hereby swear under oath and under penalty of perjury, that from the years 1954 through 1958 I attended five county committee meetings of the Communist Party of Santa Clara County, California. (A county committee meeting of the Communist Party consists of one delegate representing each Communist cell in a county.) The meetings were held during the aforementioned period in the following locations:

The residence of [redacted] Communist, in San Jose, California, 1954; the residence of [redacted] Communist Section organizer, Palo Alto, California, 1955; the residence of [redacted] both Communists, Menlo Park, California, 1956; the residence of [redacted] Communist, Palo Alto, California, 1957; the residence of [redacted] Communist, Palo Alto, California, 1958; the residence of [redacted] Communist, Mountain View, California, 1959.

I hereby further solemnly state that at each and every meeting as set forth above, one Ed Beck, Communist, who is presently secretary of the National Association for the Advancement of Colored People of San Mateo County, California, and a member of the Congress on Racial Equality (CORE), presented the directive from the district office of the Communist Party in San Francisco to the effect that:

"All Communists working within the framework of the NAACP are instructed to work for a change of the passive attitude of the NAACP toward a more militant, demonstrative, class struggle policy to be expressed by sit-ins, demonstrations, marches and protests, for the purpose of transforming the NAACP into an organization for the achievement of Communist objectives."

I further swear and attest that at each and every one of the aforementioned meetings, one Reverend Martin Luther King was always set forth as the individual to whom Communists should look and rally around in the Communist struggle on the many racial issues.

I hereby also state that Martin Luther King has either been a member of, or wittingly has accepted support from, over 60 Communist fronts, individuals, and/or organizations, which give aid to or espouse Communist causes.

As noted on the Xerox copy enclosed of leaflet in Portland files, the leaflet, emanating from "The Eagle", publication of the Freedom Center, [redacted] P.O. On 11/22/66, the informant was contacted at Woodridge, NY, concerning any information that he might have regarding the operation or function of an organization identified as the "Minutemen" operating in Sullivan County. The informant indicated that he was not aware of any organization; however, he would check with his associates in the Woodridge area who might be in a position to furnish such information, and he would advise.

On 11/28/66, the informant was recontacted concerning the above, at which time he advised that from contact with his associates and from talking with individuals in and around the Woodridge area, no information was developed which would indicate that such an organization is functioning in the Sullivan County area at the present time. He advised that if he receives any information concerning the "Minutemen", he would immediately contact the FBI.

ReBuairtel, dated 11/21/66, and New York airtel and letterhead memorandum (LHM), dated 11/29/66.

Referenced Bureau airtel points out the need for ascertaining if the Minutemen organization is active within each division and if so, identify leaders along with active members and develop background information concerning them. Also, it should be ascertained whether or not a branch of the Patriotic Party is active in each division. Furthermore, each office was directed to intensify efforts to place informants and sources within the Minutemen organization.

Referenced New York airtel and LHM contains a list of Minutemen, some of whom reside in the Buffalo Division. At the present time Buffalo does not know if the persons contained on the membership list are merely members at large or if they actually are active in an organized Minutemen group. Judging from the addresses on the membership list, if such Minutemen groups of an organized nature existed in this division, they would be in the Buffalo and/or Rochester, New York areas, but mainly in the former place.

The need for informant and source coverage on Minutemen suggests the possibility of interviewing on a selective basis a number of persons set forth on the membership list. Since, however, Buffalo has no intention of taking any action which might jeopardize the security of [redacted] it is deemed necessary to secure the approval of the Bureau and New York before launching such an interview program. Buffalo, for example, has no idea if the names on the membership list are those of people in an underground status, the interview

of whom might spotlight the existence of an informant who had access to the list. Would the interview of only a few of the persons named on the list possibly jeopardize New York's informant? Do the national and regional numbers on the list have much significance? Presumably, the lower the number the longer the person has been a member of Minutemen. Does the informant have any idea about the leaders of Minutemen in the Buffalo Division, if in truth one or more organized groups exists?

If it is not in the best interests of the security of New York's informant to conduct the aforementioned interviews at this time, Buffalo will, of course, employ other tactics in attempting to develop sources and informants in the Minutemen - if in truth such organized groups exist here. The comments of the Bureau and New York are requested.

On 12/13/66 [REDACTED] made available the attached list of names of Minutemen which are set forth in groups as they comprise individual Minutemen Bands or Chapters.

[REDACTED] stated that the list of names was obtained as a result of the search of premises owned by MILTON KELLOGG, Minutemen Regional Organizer.

[REDACTED] further explained that what was discovered in the premises owned by KELLOGG was a list of Minutemen numbers arranged in groups according to the individual Minutemen band. Names were then listed by the NYCPD opposite the number in all those instances where there was information indicating that the particular was the one assigned by the Minutemen organization to an individual.

[REDACTED] stated that his identity as the source of this list must be carefully concealed.

[REDACTED] explained the initials after the numbers and before the names as follows:

A. C.	Area Commander
T. C.	Team Captain
B. L.	Band Leader

On December 14, 1966, a representative of the New York City Police Department (NYCPD) advised the Queens County Grand Jury returned indictments against 15 and failed to indict four of the 19 "Minutemen" arrested 10/30/66.

A characterization of the "Minutemen" appears in the appendix attached hereto.

In addition, the Grand Jury also indicted Milton Kellogg, Syracuse, New York, for violation of Sections 580-A Penal Law (PL) and 1895 PL.

Those indicted and the charges on which they were indicted are set forth as follows:

"Minutemen"

The sections of the Penal Law of the State of New York under which indictments were returned against the "Minutemen" as set forth above are defined as follows:

Section 580-A PL (conspiracy as a felony)
Section 1895 PL (endangering life by maliciously placing explosive near building)
Section 1897 PL (possession of weapons and dangerous instruments and appliances)
Section 1898 PL (manufacture, transport, disposition and defacement of weapons and dangerous weapons and dangerous instruments and appliances)

On December 15, 1966, a representative of the NYCPD advised that pickets appeared at the Queens County Court House on December 14, 1966, but were not further identified.

This representative stated that Milton Kellogg surrendered himself to the Queens District Attorney on December 15, 1966, and was arraigned in Part 1 Criminal Court on the indictments handed up by the Grand Jury on December 14, 1966. Kellogg was held in lieu of \$7,500.00 bail.

He further stated that Supreme Court Justice Edward Thompson set February 6, 1967, for the date on which the 15 men indicted would have to reappear in court.

A article appearing in the "Daily News," a New York City daily newspaper, Final Edition, dated December 15, 1966, page 19, captioned "16 Minutemen are Indicted as Kin Picket," reflects in part as follows:

"The Queens Grand Jury handed up indictments against 16 members of the ultra-right wing Minutemen while six relatives picketed outside the Court House in Kew Gardens warning of the perils of Communism.

"When the indictments were handed up, Criminal Court Judge Abraham Roth dismissed the original charges

"Minutemen"

against the 19, including the four not indicted, then directed the 15 upstairs to Supreme Court Justice Edward Thompson.

"Meanwhile the national leader of the Minutemen, Robert Bolivar De Pugh, accused Hentel of using the Minutemen to assist his unsuccessful campaign for re-election in November. De Pugh made the statement from his home in Norborne, Missouri.

"Of the 19 persons arrested October 30, De Pugh said that they are now, or have been Minutemen. My information is that they had drawn plans up to raid the camps, but did not intend to do so.' He said, 'it was an academic training program,' the men 'picked live targets to make it more interesting, and to give a feeling of reality to the proposed training program."

On July 17, 1961, MILTON KELLOGG, 130 Luddington Street, Syracuse, N. Y., advised he was past Commander of Eastwood Post #1276 of the American Legion. He said he wished to keep the FBI advised of American Legion activities concerning Communist infiltration of the movie industry. He said the American Legion recently distributed handbills protesting the hiring of a convicted Communist Party member as the script writer for various films. These handbills, numbering 161,550 copies, were distributed outside three Syracuse theaters by 73 men on 87 evenings. The handbills concerned the movies entitled "Spartacus", "Last Sunset", and "Exodus". He said that, due to the employment of Communist Party actors or script writers, the American Legion anticipated additional movies similarly would be picketed in the City of Syracuse. He said he was furnishing this information to keep the FBI informed of American Legion activities.

On January 31, 1964, [redacted] b6 b7C
[redacted] Syracuse, N. Y., [redacted] Carrier Corporation, stated that about a year previous, he received a telephone call from one MILT KELLOGG, [redacted]
[redacted] joining a certain organization. On the same day, KELLOGG visited [redacted] saying he was head of the Eastwood Post of the American Legion. [redacted]
[redacted] was interested in joining the "Minutemen" (MM), an organization KELLOGG said was dedicated to fighting Communism. [redacted] pointed out he had no knowledge how KELLOGG happened to get his name or to consider him as a possible recruit for the MM. He advised KELLOGG he was not a "joiner" at which point KELLOGG departed and appeared to be slightly embarrassed. [redacted] said it was his opinion KELLOGG had made a mistake and had contacted the wrong person. He said he had seen or heard nothing from KELLOGG since then.

[redacted] Brewerton, N. Y., advised on August 12, 1962, that on the previous date, he was contacted by MILT KELLOGG and the latter's father, JOHN BYRON KELLOGG [redacted] in Brewerton. They discussed with [redacted] the MM organization and sought to interest him in joining it. The KELLOGGS said the activities of the MM to date had been limited to picketing some movies but they were working toward greater expansion. According to the KELLOGGS, the MM were interested in forming guerrilla groups of five to fifteen men and said the first meeting of the new group was to take place in about a week in the Lake Oneida area. [redacted] said it was his impression the meeting would be held at JOHN KELLOGG's camp, located at the end of Muskrat Bay Road, Oneida Lake. MILT KELLOGG informed [redacted] he was working on a charter for the Syracuse area and left some literature with [redacted] disclosing that the MM headquarters' address was Post Office Box 68, Norborne, Missouri.

Interviews of MILTON A. KELLOGG were conducted at Syracuse, N. Y., on February 4, 1964, and March 10, 1964, the results of which are set out on the following pages.

Date February 10, 1964

Mr. MILTON A. KELLOGG, 130 Luddington Street, Syracuse, New York, was informed that the FBI was conducting certain inquiries concerning the "Minutemen" organization, that he did not have to make any statement concerning this organization, that any statement he did make might be utilized in a court of law and that he had the right to consult an attorney if he so desired. Mr. KELLOGG stated that he joined the "Minutemen" organization as a patriotic gesture, that there was nothing subversive about the "Minutemen" and he had no hesitancy about discussing the matter with the FBI.

He stated that he is a member of the Eastwood Post of the American Legion in Syracuse, New York and for a three year period was head of the Americanization committee of this post. The purpose of the committee was to awaken the American public to the menace and advance of the Communist conspiracy. He recalled that during 1961 or 1962 his legion post received correspondence from ROBERT DE PUGH, Post Office Box 68, Norborne, Missouri, which explained the purpose of the "Minutemen" and pointed out that it desired to achieve a spirit of cooperation between all organizations interested in combating Communism. KELLOGG stated that he had fought in the Korean War and that because of his bitter opposition to the Communist movement, he felt that he would like to be a part of a cadre of guerrilla underground forces who would be sent to fight the Soviet enemy in the event that they invaded the United States. Accordingly, during the Summer of 1962, KELLOGG stated that he, through application at "Minutemen" headquarters in Norborne, Missouri, was granted membership in the "Minutemen".

At the present time, KELLOGG stated that he is the leader of a loosely organized "Minutemen" unit in the

Syracuse area consisting of about twenty-five members. However, all of the members are not active and since its formation, there have been only about a dozen meetings, with average attendance of four to five persons. The meetings have been held at the homes of various "Minutemen" and on a few occasions have utilized his father's summer camp on Muskrat Bay Road on Lake Oneida. Theoretically, the unit should be broken down into six to eight bands, consisting of about four "Minutemen" each; however, the unit in Syracuse is not that well organized.

KELLOGG stated that the Syracuse "Minutemen" have had no military activities or training, other than one night map-reading venture, which turned into a fiasco, when most "Minutemen" got lost. There is no organizational ownership of firearms, no arsenal or cache of arms and no person in the Syracuse unit has been designated to make such purchases. Any firearms possessed by "Minutemen" are privately owned and to his knowledge, none of them own automatic weapons. KELLOGG said that he and his father have hunted all their lives and that accordingly they have accumulated, between them, five to six shotguns and five rifles. He said that he does not consider this excessive for a gun enthusiast. He stated that he has a pistol permit for three pistols. He displayed pistol permit C20387 dated 7/19/62, issued to MILTON A. KELLOGG, Onondaga County Court House. The permit disclosed registration of a Hi-Standard point 22, number 486818 calibre, an S & W point 380, number 49920 calibre and a Spanish point 45, number 63523 calibre.

KELLOGG stated that the members contribute dues of \$2.00 per month. They receive literature from "Minutemen" headquarters at Norborne, Missouri, principally the newsletter on "targets". He stated that the Syracuse

unit is not under any stringent control from "Minutemen" headquarters and stressed that each "minuteman" acts as an individual. He can voluntarily resign if he so chooses. Many of the members are affiliated with the American Legion and/or the John Birch Society. However, he stressed that the "minuteman" is not endorsed or affiliated with these organizations.

KELLOGG stated that the "Minutemen" does not advocate any overthrow of the Government of the United States and that its primary purpose is to defend the United States in the event of an invasion by the Soviet Union, acting in an underground capacity. He likened the possible role of the "Minutemen" to the gallant efforts of the underground forces in Norway and France and to the "Minutemen" in our colonial history. The "Minutemen" in the Syracuse area are level-headed, loyal Americans, who would never pose any threat to the life of the President of the United States or other public officials. All members are carefully screened as a precaution against unstable persons obtaining membership. For example, as New York State Coordinator for the "Minutemen" he is required to interview prospective applicants. He made a recent trip to New York City for the purpose of interviewing some prospective members and determined that these persons were non-existent. This obviously was a harrassing activity by opponents of the "Minutemen".

He stated that his best estimate of membership in New York State was about thirty-five persons, twenty-five being located in the Syracuse, New York area. However, since he would not necessarily be aware of all the applications processed at Norborne, the membership figure might be higher. KELLOGG stated that he could not properly reveal the identity of any of the members known to him to the FBI without first discussing the matter at a meeting.

KELLOGG stated that he desired to cooperate with the FBI, that he is vitally concerned about the advances of Communism and that his participation in the "Minutemen" is motivated by patriotism.

Confidential Informant AL T-1, on April 10, 1964, advised that nationally there are four regional coordinators of the MM. In the East, the regional coordinator is MILTON KELLOGG, Syracuse, N. Y.

The reliability of AL T-1 has not been established but this source is in a position to furnish reliable information.

On December 10, 1965, Confidential Informant AL T-2, who has furnished reliable information in the past, made available records which the source said were referred to as membership records by ROBERT D. DE PUGH, MM National Coordinator.

Appearing in these records was an index card bearing the following information:

"KELLOGG, MILTON A.

10/11/64, \$35.00 for as many U.N. kits as possible; 2 copies War of Wits

11/30/64, 5.00 OT Money

PROJ 6 & 9"

During the period July 2 through 6, 1966, a national convention of the MM was held at the U-Smile Motel, U. S. Route 40, Kansas City, Missouri, and an MM training program was held at MM Headquarters, 613 East Alton, Independence, Missouri. At this convention, the Patriotic Party (PP) was formed and was organized specifically to serve as a cover for the MM. The PP was intended to take the heat off the MM while at the same time, permit the MM to engage in political activities.

The states of New York, New Jersey, Connecticut, Pennsylvania, Virginia and the District of Columbia, held a Northeastern area meeting of the PP. At this area meeting was an individual using the alias JOHN (or BILL) KELLY, identified as coordinator of the MM from Syracuse, N. Y.

AL 100-18811

-10-

He was subsequently identified from a photograph as MILTON KELLOGG. (Confidential Informant AL T-3, who has furnished reliable information in the past on July 11, 1966.)

On July 6, 1966 and July 20, 1966, [redacted] U-Smile Motor Hotel, East Highway 40, Kansas City, Missouri, made available reservation and registration cards for individuals who were guests of the hotel over the July 2-5, 1966 weekend. Included among those guests was MILTON A. KELLOGG, 130 Luddington Street, Syracuse, N. Y. 13206.

The Syracuse, N. Y., daily newspaper, "Post-Standard", of October 31, 1966, on page 1, contained a news story entitled, "20 'Minutemen' Seized In Raids". This story reported the arrest of members of the MM in New York City and Syracuse, N. Y., on various charges including illegal possession of weapons, conspiracy to commit arson and unlawful assembly. It reported that the home of MILTON A. KELLOGG, 38, of 130 Luddington Street, Syracuse, was raided on October 30, 1966, by detectives with search warrants. Records, firearms, ammunition, and field equipment reportedly were seized at the home and summer camp of MILTON KELLOGG. It was stated the search warrants were issued by the Queens County Judge and executed by State Police, New York Police, and Syracuse Detectives.

On November 22, 1966, a representative of the New York City Police Department advised that, obtained during a search of the property of MILTON KELLOGG in Brewerton, N. Y., was a list of members of the MM organization.

Date March 20, 1964

Mr. MILTON A. KELLOGG, 130 Luddington Street, Syracuse, New York, was recontacted and it was explained to him that the FBI was desirous of ascertaining additional details concerning the structure and purpose of the "Minutemen" organization in the Syracuse area. KELLOGG stated that he was anxious to cooperate with the FBI in any manner possible and said that he could appreciate the Government's viewpoint in desiring to know the location of any secret organization that had a storehouse of arms or ammunition and who contemplated utilizing this in an organized effort. He stressed that no such organization as this was operating in the Syracuse area and pointed out that the persons who are "Minutemen" are not organized into any functioning group as such. There have been no group meetings of Syracuse "Minutemen" since the Summer of 1963 and said that the principal identification on the part of any of the Syracuse "Minutemen" with the national organization is the receipt of the newsletter "On Target" from Norborne, Missouri.

He observed that it has been seven or eight months since he has received any request by "Minutemen" Headquarters in Norborne for him to screen or interview any prospective "Minutemen." Any recruiting that he had done several months ago was primarily for the purpose of disseminating "Minutemen" literature to patriotic persons who, in turn, could awaken the apathetic public to the Communist menace. He said that he has a great admiration for the work of the FBI and Mr. J. EDGAR HOOVER in their fight against the Communist conspiracy and assured that he was most anxious to assist in any manner possible.

KELLOGG stated that all the "Minutemen" known to him are loyal Americans with reputable backgrounds and assured that they would not pose a threat to the life of the President or to the security of the U.S. Government.

He stated that he could best describe the "Minutemen" group in Syracuse as a "haphazard" operation, that there was no

[redacted]
New Orleans, La., was interviewed by Agents of the New Orleans Office on 4/8/66, at which time he advised that he is the [redacted] of the U. S. Minutemen, which group [redacted] in 1951. [redacted] described his organization as one which believes in constitutional government, as originally conceived by the founders of the Constitution.

[redacted] denied that the U. S. Minutemen was in any way connected with Minutemen group of ROBERT DE PUGH.

On 11/22/66, [redacted] telephonically advised the FBI Office in New Orleans that the U. S. Minutemen organization is being dissolved because of the publicity the Minutemen had recently been afforded because of DE PUGH. [redacted] said that his organization is strictly legitimate but that its members had voted to disband because there would be no doubt that much unfavorable publicity would be directed to the U. S. Minutemen by individuals who would confuse the U. S. Minutemen with the DE PUGH organization.

On 12/8/66, [redacted] advised that the U. S. Minutemen, which had been incorporated legally with the State of Louisiana, was in the process of being legally dissolved and that the Charter would be dissolved with the State of Louisiana in a few days.

NO 62-3395

[redacted] stated that while his U. S. Minutemen never exceeded two hundred members across the country none of them were of the militant type that the DE PUGH organization seems to be composed of. By way of example [redacted] produced a letter which he said he had received recently from an individual in New York and whom [redacted] felt had written about the most militant letter that he had received in connection with the U. S. Minutemen. This letter which is dated 11/2/66, is directed to the [redacted] U. S. Minutemen, [redacted] New Orleans, La., and signed by [redacted] [redacted] New York, New York. The letter reads as follows:

"As a result of the recent arrest of 20 U. S. Minutemen in the New York area, I feel I must act. Enclosed is \$10 for membership."

The letter then continues to the effect that the author intends to contribute as much time as possible to help in checking the spread of socialism and communism. The author advised that he wants to help in the non-violent overthrow of "our communist-sympathizer leaders in Washington."

The author describes himself as age 24, American nationality, caucasian race, Jewish religion, Marine Corps service. occupation is [redacted], and education at [redacted]

[redacted] said that in view of the dissolvment of the U. S. Minutemen that he intended to return to [redacted] his \$10 with a note advising [redacted] that [redacted] organization is no longer in existence. [redacted] stated that if his organization were not being disbanded that he would still not accept the membership of [redacted] since [redacted] letter indicates a too-militent thinking for the U. S. Minutemen group.

(INTERNAL SECURITY)

ReBulet with copies to New York dated 12/8/66.

New York immediately advise the Buffalo Division whether or not the security of [redacted] will be jeopardized if Buffalo interviews members of the Minutemen organization. b7D

You should resolve the questions posed by Buffalo as to the significance of the national and regional numbers on the Minutemen membership list, the identity of the leaders in the Buffalo area, and whether or not one or more organized groups of Minutemen are active in the Buffalo Division.

Insure that all information from [redacted] concerning the captioned organization's activities within the Buffalo Division or any other field office is immediately disseminated to the interested division unless it jeopardizes your informant's security.

Efforts to develop sources within the Minutemen organization along with identifying membership and ascertaining the organization's activities should be coordinated between New York and Buffalo to prevent any overlap or the disclosure of an informant's identity.

The Bureau desires that you immediately furnish all information which may affect the Buffalo Division's investigative efforts in this matter to Buffalo so that they may immediately intensify their investigation of the Minutemen.

- a) 2500 rounds of .30 caliber ammunition for the M-1 rifle; price: \$175.
- b) 1800 rounds of .45 caliber ammunition; price: \$108

Col. [] stated that just prior to the arrests of the Minutemen, the Parkers Riflemen club had been sent two notices to turn in all DCM issued equipment and ammunition as this club had not maintained a program to qualify for the ODCM program.

Col. [] advised that the current ODCM policy regarding the sale of weapons and the availability thereof is as follows:

1) POLICY

Sales are authorized only to NRA adult members and are limited to one weapon of each type per member when available. The weapons are used, unserviceable arms, unclassified as to the degree of unserviceability and com-

WFO 100-39667

pletaness, and are shipped in "as is" condition with the Army inspection limited to the weapon being in "safe to fire" condition.

The individual purchaser of a weapon is required to submit his individual NRA membership card or photostat thereof with a purchase request form to the NRA. The NRA processes the above request and submits the order to the appropriate arsenal. The arsenal after final processing of the request notifies the prospective purchaser regarding details for making payment.

In a very few individual cases (usually V.I.P. situations) an NRA member may submit his membership card and purchase request form to ODCM or directly to the U. S. Army Weapons Command for processing.

The processing performed by ODCM and the NRA includes a check of appropriate criminal record files concerning the individual requesting the purchase.

2) AVAILABILITY OF WEAPONS

Sales are based on availability of authorized quantities of weapons in the U. S. Army supply system. The following weapons are available in limited quantities:

- a) U. S. M-1 carbine, caliber .30, price: \$20
- b) Rifle, U.S., caliber .30, M-1, NM (National Match), price: \$148
- c) Rifle, U. S., caliber .30, M-1 (Standard issue), price: \$94.30

WFO 100-39667

In connection with the above and with respect to handguns, Col. [] advised that pistols are not considered to be available. He stated that the U. S. pistol, M1911A1 (National Match), caliber .45, may occasionally become available in very limited quantities at the U. S. National Matches at Camp Perry. He commented, for example, at the 1966 Matches only 10 pistols were available to competitors there. Requests for the pistol are not accepted because of this; those that do become available are only available at the National Matches to competitors there.

With respect to the availability of the carbine, Col. [] commented that currently the time required between a purchaser's initial submission of purchase request and delivery of an available weapon is approximately eight months.

In regard to the M-1 rifle, he stated that because of their price, this is an item ordinarily only of interest to a bona fide marksman engaging in competitive matches or to a collector of military weapons.
